

LAND INVENTORY PROGRAM

From time to time, CVR receives inquiries from businesses and site selectors seeking land for development projects. The Land Inventory Program will be used to build up a database of possible contacts and land inventory that would be available (for sale or for lease). The ability to respond in a timely and pro-active manner can put our region ahead of others when being considered as a possible development location. The information provided will be kept confidential within the Planning & Development department for the purposes of Economic Development inquiries. When inquiries come in, the contact and detailed land information provided below will be shared with those developers that match with a particular property within the Inventory. In the future, it may be feasible to implement this content into an online available land map that all developers could access. It is the responsibility of the landowner to provide updated information to CVR. For more information, contact Corinne McGirr, Community Development Coordinator at email: cmcgirr@county24.com or 780-846-2244.

LANDOWNER CONTACT INFORMATION

Landowner Contact Person (First & Last Name):

Business or Farm Name (if applicable):
