<b>POLICY NO:</b>	UT 001
<b>POLICY TITLE:</b>	WATER AND SEWER INSTALLATION
<b>DEPARTMENT:</b>	WATER & SEWER
<b>APPROVAL DATE:</b>	25-11-95 (November 1995)
<b>REVISION DATE:</b>	13-08-02; 09-02-11 (February 22, 2011)
<b>REVIEW DATE:</b>	

### **Policy Statement:**

Un-serviced lots or parcels of land in the hamlets of Islay, Blackfoot, Clandonald and McLaughlin

### **Purpose:**

Guideline for the installation of water and sewer lines

### **Policy:**

Where a lot is within a developed area and where there has not been service lines placed, the County shall install the service lines to the front property boundary and shall charge the owner of the property the costs incurred. Owners or developers of un-serviced lots of parcels of land must request in writing to the County of Vermilion River for a service line installation to their property line. The owner of developer must prepay the estimated fee for the installation prior to work commencing.

If the property is already serviced and the owner of developer wants the service relocated it will be at the expense of the owner of developer. The owner or the developer must enter into an agreement with the County, prior to construction, regarding regulations, guidelines and specifications. The County will require the owner or the developer to meet present day standards.
